I. SCOPE

This policy amendment applies to current and prospective students who seek to have college-level credits earned at other post-secondary institutions recognized and accepted as transfer credits by Delaware Tech.

II. POLICY STATEMENT

Delaware Tech currently offers the opportunity for students to transfer credit from regionally accredited institutions. However, there are circumstances where institutions may be accredited by an agency recognized by the Secretary of the USDOE that is not “regionally accredited.” The purpose of this policy amendment is to allow transfer credits from a postsecondary institution that is accredited by any agency recognized by the USDOE, including, but not limited to, programs approved by national accreditors.

III. POLICY

To be substituted in lieu of the following section of the Advanced Standing Policy:

Evaluation of Transfer Credits

Credits from postsecondary institutions that are accredited by an agency recognized by the Secretary of the USDOE will be accepted, if they apply to the established curricula of Delaware Technical Community College (Delaware Tech) and meet other requirements listed below.

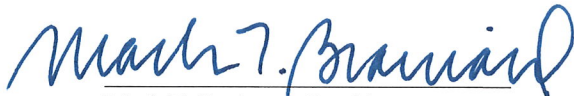

IV. EFFECTIVE DATE(S) *
